

**AMNESTY
INTERNATIONAL**

MANCHESTER GROUP

**WE'RE CALLING
FOR A FAIR
NEW PLAN FOR
REFUGEES** 
#FairBeginsHere

**This year, during Refugee Week (17th-23rd June),
Manchester Amnesty group is proud to support
Together with Refugees #FairBeginsHere campaign**

What we are calling for:

Restoration of the right to asylum for all who need it, with safe and fair decisions made in good time. Provide access to adequate legal, financial, housing and language support and give asylum seekers the right to work.

Working in collaboration with other countries, create safe routes so that people seeking asylum do not have to use people smugglers and human traffickers.

Repeal the Illegal Migration Act 2023, provisions of the Nationality and Borders Act 2022, and all other legislation which does not comply with international human rights law.

What you can do:

Write to your parliamentary candidates (find them [here](#)) asking them how they will support a fair new plan for refugees

On World Refugee Day (20th June), post your support for refugees on social media, using #FairBeginsHere
